**Fax:** 972-661-5511

## Individual Patient Flow

- Admissions Process 15-30 minutes  
(completion of your paperwork; once complete, pre-op staff will call you back within 30 minutes)
- Pre-Op Process 30-60 minutes  
(Our goal is to move all patients from pre-op to the procedure rooms as soon as possible. On occasion, delays may occur, please press your call button if you have concerns, it is our pleasure to provide you with updates.)
- Procedure Process See Procedure Guide
- Recovery Process (Individual patient assessment, MD consultation, discharge instructions)
  - GI 15-30 minutes
  - Surgery 45-120 minutes
  - Cataract 15-20 minutes

## Procedure Guide

- Upper GI Procedure 15-30 minutes
- Lower GI Procedure 30-45 minutes
- Orthopedic Procedure 45-120 minutes
- GYN Procedure 45-120 minutes
- General Procedure 45-90 minutes
- Podiatry 60-120 minutes
- Pediatric Dentistry 45-150 minutes
- Cataract 30-45 minutes

While each patient and procedure is unique, they involve the following similarities: patient positioning, anesthesia/block administration, MD procedure time, closure and bandage awakening/transfer
